**PREHEARING CONFERENCE MEMORANDUM**  
**AND SCHEDULING ORDER**

On April 2, 2010, Chittenden County Solar Partners, LLC ("CCSP") filed a petition with the Public Service Board ("Board"), pursuant to 30 V.S.A. § 248, to construct and operate a 2.2 MW solar electric generation facility in South Burlington, Vermont.

On April 30, 2010, I held a prehearing conference in this Docket. Appearances were entered by Geoffrey Hand, Esq., on behalf of CCSP; Sarah Hofmann, Esq., on behalf of the Vermont Department of Public Service; and Cielo Mendoza, Esq., on behalf of the Agency of Natural Resources.

At the prehearing conference I noted that the South Burlington Planning and Zoning Commission ("South Burlington") had filed a letter requesting that it be allowed to intervene in this matter, with respect to the issues raised by Section 248(b)(1) and (5). No party objected to the request and I granted South Burlington permissive intervention pursuant to Board Rule 2.209(B). However, I require South Burlington to file a notice of appearance by May 21, 2010.

CCSP provided two draft schedules for this Docket, one assuming that other parties would intervene and the other assuming that the only interested parties would be the existing parties to the Docket. Parties agreed to a schedule that was predicated on the assumption that the

public hearing would take place during the week of May 24. Subsequent to the prehearing conference, it was determined that the dates proposed for the public hearing could not be used. Since the change in the public hearing date alters the remaining dates in the schedules, and parties have not indicated their availability, I have adopted a schedule that only addresses actions through the responses to intervention motions and provides a deadline for parties to file proposed schedules for the remainder of these proceedings.

**SCHEDULE**

Discovery on CCSP	May 12, 2010
CCSP response to discovery	May 21, 2010
Site visit and public hearing	June 1, 2010
Deadline for motions to intervene	June 8, 2010
Replies to motions to intervene	one week after the motion is filed
Parties file proposed schedule for remainder of the proceedings	June 18, 2010

For the purposes of this Docket, parties need to file only one copy of all discovery correspondence with the Board and an original and three copies of all other filings. Electronic filings with the Board, in addition to the hard copies, are also requested, to the extent possible, particularly for testimony, exhibits, and briefs. An electronic filing may be submitted as an attachment to an e-mail, sent to [psb.clerk@state.vt.us](mailto:psb.clerk@state.vt.us), or for larger documents it may be on a CD or DVD delivered along with the paper copy. Parties need file only a single copy of the CD or DVD. Parties filing electronic versions of documents may file them in WordPerfect, Word, .rtf., or .pdf (Adobe) formats. Parties filing in .pdf format should make sure that their documents are not locked, that is, that text can be selected and copied from their documents.
